**ARTICLE 7 Hours
Section 7.5– Overtime Work
Requirements**

Section 7.5: Overtime Work Requirements. It is understood and agreed that the nature of the work performed and the responsibility to the people of the community requires that under certain circumstances it will be necessary to require employees to work overtime, either scheduled or emergency call-in. Employees who are required to work overtime will be given as much advance notice as is reasonably possible under the circumstances. Employees who fail to work the required overtime shall be subject to disciplinary action unless they offer an excuse acceptable to the Employer. In the case of overtime which has been planned twenty-four (24) hours or more in advance of work, employees scheduled for such work shall be given not less than four (4) hours advance notice.

- (a) The Employer will call the overtime list in rotation. If on a given occasion an employee, who is next in rotation on the overtime list, is not given the opportunity to work available overtime hours, he shall be offered the next overtime opportunity.

Employees on the overtime list who refuse or fail to report for said overtime when contacted two (2) times in a single call-in event shall be subject to disciplinary action.

Section 6.2: Sick Leave. In compliance with the Michigan Earned Sick Time Act, effective after thirty (30) days of employment, every seniority and probationary employee shall be granted eight (8) hour sick leave allowance for each completed calendar month of service from which shall be subtracted any particular sick leave actually used since that date. Employees may use accrued earned sick time as it is earned; however, new probationary MAPE employees are required to wait for thirty (30) calendar days after commencing employment before using accrued earned sick time. Earned sick time may be used in increments of one (1) hour or the smallest increment that the City's payroll system uses to account for absences or use of other time.

Earned sick time may be used for:

- The employee's own mental or physical illness, injury, or health condition.
- The care of a family member with a mental or physical illness, injury, or health condition.

2025 CITY OF JACKSON-MAPE

NEGOTIATIONS TENTATIVE AGREEMENT

The City shall not retaliate against, discipline or otherwise penalize an employee for requesting or using earned sick time in accordance with this Agreement and the Michigan Earned Sick Time Act. The City shall maintain records documenting the hours worked by employees and earned sick time accrued and used, in accordance with applicable law.

a) Reporting Absences. The employee is responsible to notify his supervisor prior to the start of his shift, or as soon thereafter as the employee's circumstances permit, if he is going to be absent. For foreseeable absences, employees must provide up to seven (7) days' notice. All foreseeable leaves require specific prior approval of the Department Head. For unforeseeable absences, notice should be given as soon as practicable to the Department Head.

The employee must call in each day of absence, unless prior arrangements have been made for extended absences. Failure to call in the absence within 30 minutes of the start of the shift may result in the absence being considered unexcused. The department head may make exceptions to the call in deadline in extraordinary circumstances.

When the employee calls in to report an absence, he will explain the reason for his absence and the length of time he expects to be away from work. Such information shall be left with the supervisor or such other individual(s) as the department head has designated. However, employees are not required to disclose details relating to domestic violence or sexual assault or the details of an employee's or an employee's family member's medical condition. If the City possesses health information or information pertaining to domestic violence or sexual assault about an employee or employee's family member, the City will treat that information as confidential and will not disclose that information except to the affected employee or with the permission of the affected employee.

If an employee is unable to call in his absence, a family member shall make the call on his behalf. As soon as the employee is able, he should contact his department head or supervisor personally.

Department heads must ensure that employees' explanations for absences are maintained as a written record in accordance with HIPAA.

Department heads or supervisors will advise employees as to the least disruptive times of the day/week to schedule medical appointments, to facilitate the employee in making appointments that will not significantly affect the operation. Such times may differ by work group and/or by season.

b.) Documentation Requirements. For absences of more than three (3) consecutive workdays, the City may require reasonable documentation, such as a signed statement by a health care professional, to verify the need for sick leave. Employees must provide the documentation to the City not more than 15 days after the employer's request.

2025 CITY OF JACKSON-MAPE
NEGOTIATIONS TENTATIVE AGREEMENT

- c.) Management Intervention. In administering the disciplinary action, the department heads retain the sole right and authority to evaluate the sick leave records of the employees and to take into account extenuating circumstances. Such extenuating circumstances may include the reasons for absence, the employee's length of service, the employee's past attendance and performance records, and whether the sick leave events are related to a FMLA leave which was exhausted during the previous twelve (12) month period.

If the department head finds an employee has used sick leave excessively, abused sick leave, had an inappropriate pattern of absences and/or has been absent without appropriate excuse or call-in, the department head will warn and/or discipline the employee, as appropriate for the facts and circumstances.

- d.) "Service" for purposes of accumulating sick leave for any given month shall be based only on hours actually worked or approved vacation hours.
- e.) An employee who makes a false claim for paid sick leave, shall be subject to disciplinary action up to dismissal depending upon the circumstances involved.
- f.) An employee shall not be eligible for sick leave if his illness or injury is attributable to causes stemming from his employment or work in the service of another employer or while acting in the capacity of a private contractor to another party, if that time off is already covered by workers' compensation.
- g.) If an employee retires and is eligible for immediate pension benefits pursuant to the Employer's Retirement System (ERS), the employee shall be entitled to be paid fifty percent (50%) of his accumulated unused sick leave credits, up to a maximum of one hundred eighty (180) days accumulation. If an employee is discharged, is laid off, or quits, he shall not be entitled to payment of any portion of his accumulated unused sick leave. All future sick leave banks shall be capped at 1,440 hours (180) days for those with less than the capped amount in their bank. Anyone who subsequently reaches the cap shall be exempt from receiving additional sick time until their bank falls below this threshold.
- h.) When an employee's absence from work is due to an illness or injury arising out of and in the course of his employment by the City and which is compensable under the Michigan Workers Compensation Act, the employee shall be paid his regular wage, not to exceed eight (8) hours per day at his regular straight time hour rate during the qualification period for workers' compensation (first seven (7) days). Once the employee has qualified to receive workers' compensation payments, beginning the eighth (8th) day, he shall receive no further payments from the City and thus the employee shall receive only workers' compensation payments. It is understood and agreed that an employee shall not receive both wages and workers' compensation payments for the same period of time, thus once an employee qualifies for workers' compensation payments, and as a result of said qualification, receives payments for lost hours of work which have already been paid by the City, the employee shall endorse over to the City his workers' compensation payment. This prohibition shall

2025 CITY OF JACKSON-MAPE NEGOTIATIONS TENTATIVE AGREEMENT

not preclude an employee from electing to be paid the difference between his worker's compensation payment and his regular wages [one (1) day per week or 1.5 hours per day] from his sick leave bank, provided the employee makes the election in writing.

- i.) Sick leave may be used as defined by the Michigan Earned Sick Time Act (ESTA). Use of sick leave for family illness as defined by the Michigan Sick Time Act (ESTA) will be considered the same as use for personal illness for purposes of determining excess use or patterns of abuse. However, nothing herein shall limit any rights an employee may have under the Family and Medical Leave Act (FMLA).

- j.) (The following additional definitions shall apply:

"Absence" is the failure of an employee to report on the job during regularly scheduled working hours.

"Documented Sick Leave Event" is the use of sick leave due to an illness or injury that is verified by a statement from a medical professional.

"Excused Absences" are absences approved by department heads.

"Inappropriate Patterns of Absence" include set patterns of sick leave use, such as absences which routinely fall the day before or following a day off work (weekends, holidays, scheduled vacation, etc.); or which routinely occur in association with a personal event (example: the day after weekly bowling league participation) or a work event (example: the monthly deadline for a work project).

"Sick Leave Abuse" includes falsification and/or attempts to manipulate time off without a valid reason of sickness or injury. Employees found to have abused the sick leave benefit will be disciplined for the first offense, consistent with a "falsification of record" offense.

"Sick Leave Event" is the use of sick leave for time off work:

1. Consecutive days off due to the same illness or injury shall count as one (1) event.
2. Verified doctor, dentist and other medically-related appointments which are approved in advance, take less than two (2) hours and are at a time which is least disruptive to the employee's work will not be considered a sick leave event ("exempt appointments").
3. Verified medically-related appointments which exceed two (2) hours, or which are scheduled without consideration to what time an absence is least disruptive to the operation, will be considered cumulatively as one (1) sick leave event until eight (8) hours is accumulated for such appointments. Such medically- related appointments which exceed the eight (8) hour total will be charged as separate sick leave events.

2025 CITY OF JACKSON-MAPE NEGOTIATIONS TENTATIVE AGREEMENT

4. Sick leave used for bereavement for an immediate family member, in accordance with the terms of the contract, shall not be considered a sick leave event.

"Unexcused Absences" are those, except for unforeseen injury or illness, which have not been approved by the department head for reasons such as lack of required documentation, failure to call in the absence, etc. Unexcused absences will not be compensated without a finding of extenuating circumstances by the department head and may be the basis for disciplinary action as appropriate.

**This agreement is considered tentative and shall not be considered final or binding until a final agreement on all terms has been reached and both ratified by union members and approved by the City Council.*

Section 14.15: Education Reimbursement.

Effective July 1, 2025, the City will provide an annual educational training fund for non-probationary employees to use on a first-come basis to enroll in either undergraduate or college level courses. Employees may seek reimbursement for education and fees but not books and materials. Employees will only be reimbursed upon successful completion. For college courses, successful completion will be established by earning at least a 3.0 ("B") grade in the course.

Employees will be required to submit relevant information concerning the request, including at a minimum:

- a. The institution through which the training is/was offered;
- b. The title, number, content or other identifying information regarding the training;
- c. The number of credits or CEUs earned by successful completion of the course, if applicable;
- d. The term the course is/was taken or date; and
- e. Proof of payment of the tuition and fees charged for the course.

Additionally, any such programs or courses must have written approval by the department head prior to taking such courses to be eligible for reimbursement and the employee must agree to and sign a form indicating an understanding of all program stipulations. Furthermore, the employee must continue to work for the Employer for no less than three (3) years following reimbursement for any degree-related work. The employee that voluntarily leaves his employment with the City shall be responsible to refund any reimbursements received immediately preceding voluntary termination.

Requests should be submitted to the Department Head to be processed and must be submitted no later than 30 days after the end of the term during which the course was taken. Any disputes about the relevance of a course to the employee's job or potential transfer may be appealed to the City Manager.

The intent of the section is to pay for educational opportunities pursued by individual employees and not to change the practice of the Employer paying for classes necessary for the performance of the employee's current duties and responsibilities.

City Proposed Language:

Section 5.2 – Probationary Period

Section 5.2: Probationary Period. All new employees shall be considered probationary until they have completed two (2) calendar years of employment with the Employer. The probationary period allows the Employer to evaluate whether the employee demonstrates the ability and other attributes necessary for regular employment status.

During the probationary period:

- The employee shall have no seniority status.
- The employee will not be considered a regular, full-time bargaining unit member.
- The employee may be terminated at the sole discretion of the Employer, without consideration of length of service, the just cause standard, or access to the grievance procedure.

Upon successful completion of the probationary period, the employee's name shall be added to the seniority list, effective from their original date of hire.

Employees who are in their probationary period at the time of this contract's ratification shall continue to serve a total probationary period of two (2) calendar years. Time worked prior to the contract's effective date shall be credited toward this requirement.

At the discretion of the Department Head, an employee may have their probationary period reduced upon the satisfactory completion of an Annual Employee Performance Report. When a reduced probationary period is granted, the employee's seniority date shall remain effective from their original date of hire.

**This agreement is considered tentative and shall not be considered final or binding until a final agreement on all terms has been reached and both ratified by union members and approved by the City Council.*

Section 6.4 – Jury Duty Leave

Section 6.4: Jury Duty Leave. Effective after thirty (30) days of employment, every seniority and probationary employee, who is summoned and reports for jury duty as prescribed by applicable law, for each day on which he reports for or performs jury duty and on which he otherwise would have been scheduled to work for the Employer, shall be paid the difference between what he receives from the Court as daily jury duty fees and what he would have earned from the Employer on that day on the basis of eight (8) hours of work at this regular hourly rate of pay, provided that if such employee is excused from jury duty during regular working hours he promptly returns to work. The Employer's obligation to pay an employee for jury duty as above provided is limited to a maximum of ninety (90) days in any calendar year.

In order to receive the payment above referred to, an employee must give the Employer prior notice that he has been summoned for jury duty and must furnish satisfactory evidence that he reported for or performed jury duty on the days and to the extent for which he claims such payments, and produce satisfactory evidence as to the amount he was paid by the Court for such jury duty. The provisions of this section are not applicable to an employee who, without being summoned, volunteers for jury duty.
